

CHRISTMAS 1977

HAPPINESS IS...different things to different people...and we've been blessed with considerable happiness this year.

For Carl, it's been...

- ..flying the company's airplane; a twin-engine Cessna 337, affectionately known as the "Huff n' Puff".
- ..receiving both his Multi-Engine and his Instrument ratings.
- ..being discovered by a distant Wenzinger "cousin".
- ..Doron Precision's newest product line...a "Show Ride". It can take you into space, down under the sea or on a rousing roller coaster ride... and much more!

For Leigh and Mike, happiness is...

- ..Mike's graduation from Law School, passing The Bar, having a legal position and being rewarded for his work.
- ..a wilderness camping trip with back-pack and canoe in the woods of Minnesota; and returning to civilization and a HOT SHOWER!
- ..the joys and challenges that Leigh encounters as she gives her kindergarten children a happy and loving school experience.

For Karen, it's...

- ..living in the California sunshine and a vacation in Hawaii.
- ..having an interesting job and good friends.
- ..giving her Mom a vacation in California.
- ..knowing the braces will come off her teeth in six months.
- ..singing on Amateur Night at the Holiday Inn..jogging, skating and dancing.
- ..coming home for Christmas!

For Ron and Cindy, happiness is...

- ..only one more semester of college 'til Cindy's graduation.
- ..a sight-seeing trip in Washington, D.C.
- ..their "made-from-scratch" trailer..all red, white and blue outside with paneled interior and all the trimmings, and...
- ..taking it to Disney World the week before Christmas, and...
- ..spending Christmas with the Walter's family in Ft. Myers.

For Don, it's...

- ..vacationing with Leigh and Mike and seeing the sights in D.C.
- ..being a Jr. Counselor at the Maret Summer Camp where Leigh worked.
- ..when your braces are off and you can eat a taffy apple!
- ..Industrial Arts, bowling, Leader's Club, choir and the operetta.
- ..snurfing, skating, MYF, retreats at Sky Lake, Freckles (the dog) and pizza.

For Dottie, happiness is...

- ..visiting with much-loved family and friends in person and on the phone.
- ..letters from out of town, Thanksgiving on the farm and Grossy's being here for Christmas.
- ..seeing California and an Andy Williams Concert with Karen.
- ..Carl's special thoughtfulness, Don's endless enthusiasm and the kids coming home on the weekends.
- ..her church, a Carey Reunion, and having the whole gang home for New Year's.

Yes, happiness is wonderful; but it is completely dependent on what happens to us. Joy, on the other hand, comes from within...it is a gift from God. No matter what happens we can still experience that JOY. So we wish you much happiness, but even more, we wish you REAL JOY at Christmas and all through the new year.

Love,

*Carl, Dottie and Don*
