Wenzinger Family Christmas Tree 1989

We've cleared the sand and built the piece... "First things first!"

It is with much joy that we introduce to you Arthur and Rebekah Nalty - May 15th... and to tell you that Roxi and Cindy's children are now all "official Wenzingers"! Leigh's school has had more than its share of environmental problems, but with the good support of Mike and the girls, both teacher and class are surviving well in their "makeshift space." Don is traveling extensively producing exciting films for the S.R.P. (Daron's Simulated Ride Machine) Grassy has traveled to Florida, Virginia, California and New Hampshire this year!

We wish you all the blessings of Christmas and send our warmest love to you. Dottie and Carl
