

Greetings!

Merry Christmas!

Happy Easter!

I
Whether here in the hills or down on the creek
Our love for you's the same.
Though spending time in Deltaville
Barr Hill's address remains.

II
I guess old age is catching up
At least that's how it seems.
Both Carl and Dot got zapped this year
With awesome Laser beams.

III
Then there's Grassy, eighty-eight
And agile as can be.
If she's not feeling 'humblefest'
She works it off if you see.

IV
The kids and 'Grands' still keepin' on
It comes their way.
It's learning to cope with ups and downs
Which strengthens them each day.

V
With a family such as this
There's always something brewing.
Birthdays alone can permeate
Our minds and time with doing.

VI
We've lost some very precious folks
'mongst friends and family.
God must needs them more up there
Though tough for us to see.

VII
So if you missed our picture card
At Christmas time last year
It didn't fail to think of you...
Just lack of time, my dear.

The pray that
God's Love
will touch your life
All year 'round.
We love you, too!
Dottie and Carl
