Dearest Girl

Just have from Church  
where I heard a good <sup>Christian</sup> sermon  
an "An Old Fashioned Home."  
The kind we are going to have.  
It is a beautiful day to-day & I'm  
going for a long walk this  
P.M. just to be near God & you.

Yesterday I went to Middleboro &  
Edenboro by trolley. Friday I had a  
wonderful Flivver ride away  
up in your hills to Wattsburg.  
It was a wonderful day & I just  
climbed up & up & could see  
miles & miles out across Lake  
Erie. Had a fairly good road but

there is lots of snow. There was just a single track thru drifts 8 & 10' high for long distances.

Got stuck in one snow bank but a farmer got me out.

He had a big load of baled hay on & wouldn't get out of the road. Told me he would pull me out if I got stuck, so I

drove head first into a snow bank until he got by & then he got me out. I'm all finished around Erie & leave here in the morning. Will go to Waterford, Mill Village, Union City & try to get to Carry by night. Hope to be in

Jamestown Tuesday night.

Dear, about the house, you just save all you can for things we will need in the house. & let me take care of the extra \$150. needed for. Sear. R. & Co. I can't pay it all until I get my expense check for March, which will be about the 2nd week in April. Guess that will be time enough. You will have to pay \$25. a month interest to Sear Roebuck after they begin building, that will take about all you can save. If you can't pay that tell me, but hope you can.

Please be sure that Chimney is lined with tile & not just plastered on the inside, also in installing the Water & Sewer systems to leave a connection for both Water & Sewer connections from the street when they come thru. The cement block foundation is o.k. Am glad he didn't change his bid for the brick piers.

When the Contractor gets ready to start the cellar be sure you explain about the trees & the driveway. Mr. Cuser at Sears Roebuck has my drawing of the lots & driveway.

Its after 1 P.M. & I must write  
the affed before I eat so  
will stop for to-day. Did't  
hear from you yesterday. Hope  
theres are downstair's now.

Will write to-morrow night  
from wherever I am.

Remember I'll be loving  
you hard all the time  
dear & wishing you were right  
with me.

All my Love to you dearest,

Eric
