Dearest little girl,
If you were only here this P. M. I wouldn't work for anybody. It is a beautiful warm day to hike around in but as I'm very busy right now & you aren't here I'll work this P. M.

Got your letter of the 20th this noon. Am glad you can finance your end while I'm away. All you save can go to house furnishings, I mean practical of course. We are going to need quite a lot of things anyway we figure.

Wan't I be glad to get home & see all the things you have been making for our nest. I only regret that you can't stay right home all
