Dear Alma -

I am sorry to be so slow
in answering your nice letter
but feel sure you will excuse
it. I am wondering if you
got the hand around there yesterday
He got about a foot of it, but
it is very light and will
soon go. No matter how quick
I say I was as glad that you
loved the picture, knowing the
spot so well, we are all very
fond of it. I think I might
well say that a "little girl
has been very kind to a "big

boy" and I am so proud and
glad that the "big boy" is making
good as I am sure he is.

Luna and her Uncle Archie
have gone to the hospital
this morning, lovely over head,
but a hard walk of three miles
I have done the stunt twice
in a week, and am none
the worse for it. Eric's father
seems so much better, his mind
is perfectly clear, and I can
tell you it is a great comfort
to us - Tell Eric that Dad weighs
only 102 lbs - he is very thin

Well my dear, I must write more
letters as I had better leave you for
this time, I do hope to really see and
know you some time -

much love to you and Eric

May L. Stearns -
